

A WORK-ZONE SAFETY COMPANY

GREEN CONSULTANCY

Arboricultural Surveyor

Job Type Permanent: **Location** Central England

Salary: £27,000 to £35,000 depending on skills and experience, with company van or allowance and general benefits. General hours of work are 40 hours per week, between Monday and Friday.

Location: Home Based. Travel will be required, hence a full clean driving licence is essential.

Chevron Green Services

Chevron Green Services is a leading provider of commercial soft estate and arboriculture services across the UK working with clients in both the public and private sectors. Chevron Green Consultancy (CGC) is a trading division of CGS.

Arboricultural Surveyor Role

You will be joining the professional and friendly CGC team working remotely from home covering all work locations and clients. Works will be for varied clients including Highways, Local Authorities, housing associations, infrastructure and private sector. Our work covers large parts of England and Wales from South Coast to Midlands area with flexibility and ability to spend nights away, driving to locations and ability to work remotely are key skills which would be essential for this role. Continued professional and personal development and training provided. Ideal home location would be in the Midlands, but not essential.

Responsibilities of an Arboricultural Surveyor:

- Tree inspections and hazard identification including mitigation specification
- Tree condition reports
- Arboricultural method statements and impact assessments
- Pest and disease identification and management proposals
- BS:5837 surveys and all services provided by CGC to the UK based clients

Qualifications, characteristics and experience: Essential

- Self-motivated and able to work autonomously as well as part of a small team
- Prioritise tasks and manage their own workload
- Approachable, proactive, ambitious, and well organised
- Excellent attention to detail and willingness to learn
- Qualified to minimum level 3/4 in Arboriculture or equivalent
- IT skills and literacy in Microsoft Office suite
- Full, clean driving licence
- Able to stay away overnight for up to 2 nights per week

Qualifications, characteristics and experience: Desired

- Professional Tree Inspectors qualification
- Minimum of 2 years' experience of arboricultural inspections
- Experience of delivering services within a commercially competitive environment
- Ecological and wider environmental experience or habitat management

We seek a committed person with the aptitude, attitude to learn about the natural environment and put their current skills practical use in a challenging environment.
